

KWR SIR-MYST LEGACY

We acquired 'Ace' at 6 months old, when he already displayed the charismatic presence that sets apart the best of the Morgan breed. As he has matured, he has consistently displayed the soul of a champion within the quintessential gentleman. When he was 2, his foundation trainer, Katrina Benington-Crie, predicted, "Ace has incredible potential. He is absolutely an outstanding Sport Horse." Ace demonstrated that potential in capturing the Championship in the hotly contested 2004 Maine Morgan Sport Horse Breeders Cup (and other blue ribbons that year). Now 5, Ace is doing extremely well in dressage training with Brooke Renaud, [Blue Brook Farm](#), Oberlin, Ohio. Brooke is enthusiastic about Ace's display of work ethic, intelligence, energy, and balance.

Ace is a vessel of Old Vermont blood and Morgan type. His illustrious pedigree includes the famous Moro Hills Adonis and the great sport mare, Lippitt Ethan Georgia. This royal mare line brings forward in Ace the blood of Woodbury and Sherman. Ace is truly extraordinary stallion who provides breeders a rare opportunity to infuse the blood of a legendary mare line in their programs. Ace is 23.4071% Justin Morgan blood (per Telford).
